

## URGENT: Box Office Breakdown & Libel Concerns

On 8 May 2025, I wrote to Brighton Fringe regarding the unsafe shift to unticketed donations. This change left venues without a way to track capacity, breaching the premises licence.

Further, Duncan's email referencing my failure to produce a brochure, despite internal acknowledgement of their system failure, amounts to reputational libel.

Trustees were aware of these risks. I request a full Subject Access Review and minutes of the board discussion that led to this systemic governance breach.
