Dear Trustees,

Please find attached my **formal Subject Access Request (SAR)** submitted under **UK GDPR Article 15** and **Data Protection Act 2018 s.45**. The SAR includes **Annex A** (Schedule of Requested Documents) and **Exhibits A and B**.

For clarity:

- **Exhibit A** ("All Communications Logged" Admission, 7 May 2025) is relevant to both regulators. It demonstrates unlawful processing of special category data (**ICO remit**) and shows trustees knowingly held safeguarding disclosures but failed to act (**Charity Commission remit**).
- **Exhibit B** (Venue Observer Role & Email Disclosure) is also relevant to both regulators. It evidences unlawful disclosure of my personal data (**ICO remit**) and governance/safeguarding breaches of trustee duties under the **Charities Act 2011** and **CC9 (Charity Commission remit)**.

Statutory obligations:

- You must provide a full SAR response within **one calendar month** (GDPR Art.12(3)).
- Any delay or concealment will be referred immediately to both regulators.
- Under **DPA 2018 s.173**, destruction or alteration of data following a SAR is a **criminal offence**.

The **ICO** and **Charity Commission** are copied into this correspondence to ensure independent oversight of your compliance and to support their investigations.

For transparency, this SAR also covers Brighton Fringe's disclosure of my personal data to **NHS primary care (Seven Dials Medical Centre / NHS Sussex ICB)** on 8 May 2025. This disclosure now forms part of my medical record and sits within my parallel SAR to NHS systems.

For transparency, I have also copied Ms Jessica Otterwell, an artist who received the 18 July 2025 Brighton Fringe 'update' email, in which my health was disclosed and defamed. Ms Otterwell has given consent to be included in this correspondence.

Please confirm receipt of this SAR immediately.

Yours sincerely,

Ben Carter

Venue Manager – Owner – Half a Camel Productions Ltd.
